

H.C.L. NO CAUSE FOR SESSION NOW

Governor Refuses to Call a Special Legislature

PRESENT REMEDIES ENOUGH

Matter Can Be Handled by County Attorneys and Grand Juries.

Special to The World

OKLAHOMA CITY, Aug. 9.—There will be no extra session of the legislature for the purpose of taking up or referring to the present legal action of Governor Robert E. H. Johnson against the attorney general. Johnson, in his opinion, has done all he can do in the matter.

"I will advise the opinion that it is better you be handled by county attorneys and grand juries," said Johnson.

The decision will be of using short cuts or measures can be promptly passed. The officers of the last few years are not to be blamed.

If they bear the full extent of their responsibility, the systematic investigation upon the county attorneys and grand juries will certainly have its effect all over the state.

"HUMAN FLY" IS IN A MATRIMONIAL TANGLE

Marries Nurse Then Loses Her Once and Possibly Twice Is Mortal Fate of Al Willoughby

Special to The World

MURKOGEE, Aug. 9.—Charging that his wife, Lucile McInveigh Hood, had framed her with A. J. Johnson to get him out of the mess she was in, George Hood, young attorney and son of C. G. Hood, Checotah merchant, yesterday flatly denied the story his wife told the county attorney he was filing charges of perjury against him.

He told his side of the story to officers of a newspaper man in the county jail this morning. His wife's charges that he had forced her to make tasks with other men and to use the money over to him, and had beaten her to force her to do his bidding, Hood declared was absolutely false, and the contrary, he said, Johnson, who Mrs. Hood told the attorney had received her when Hood was visiting her, is not at all true.

Johnson, getting the whole thing with Mrs. Hood, got her away from Hood so she might talk with him.

Hood declared if his wife had ever made any notes with any other man it was without his knowledge, and that he certainly had never had any hand in it.

Mrs. Hood was Miss Lucile McInveigh, nurse at the M. C. and G. Hospital until she married Al Willoughby, a "human fly" who was giving climbing exhibitions here two years ago. They lived together but it was a week before they went away on his tour of the country. Two years ago during the second liberty loan, it was reported that Willoughby was killed in a fall from the Platfrom building in New York city when he and six other climbers were scaling the building advertising the liberty loan.

Hood declares his wife thought Willoughby was dead, and married him in February of this year. But Willoughby appeared in Muskogee in May, and attempted to get Mrs. Hood to go away with him, but that time, Hood declared.

Each elevator, entering the movement, is in charge of a group of 10 boys, selected by the elevator owner, who provides each boy with 10 bushels of seed wheat.

At the end of the next season, each boy returns 20 bushels to the elevator, half of which will go to another club as seed for the following year, and half is sold to pay for the original cost of the seed and to provide premiums for the club members. Another wheat field is reported by Frank and Harry Braden, ranchmen in the Osage country, just east of Law City. On a part of their extensive acreage the yield was 40 bushels per acre and averaged 21 on the remainder of their land.

MURKOGEE, Aug. 9.—County superintendents of public instruction, even though appointed to the office by the legislature passed the adjournment, will not receive the increased pay during the term beginning July 1, 1919, and ending June 30, 1921, according to an opinion of
